Para HERNAN ALVEIRO ERAZO GUERRERO <haerazog@udistrital.edu.co>

[You don't often get email from ijece@iaesjournal.com. Learn why this is important at <https://aka.ms/LearnAboutSenderIdentification>]

The following message is being delivered on behalf of International Journal of Electrical and Computer Engineering (IJECE).

Dear Prof/Dr/Mr/Mrs: Engineer Hernán Alveiro Erazo,

Thank you for submitting the manuscript, "An LPWAN Mesh Network for Agricultural Applications" to International Journal of Electrical and Computer Engineering (IJECE), an open access and peer-reviewed international journal. With the online journal management system that we are using, you will be able to track its progress through the editorial process by logging in to the journal web site:

Manuscript URL:

<https://ijece.iaescore.com/index.php/IJECE/author/submission/42218> <-- It is your paper ID

Username: haerazog

When contacting us, please always include your paper ID number in the subject line of your email.

Attention Please!

1. Please try to adhere to the format as closely as possible. Please carefully read our most recent manuscript submission guidelines (<https://iaescore.com/gfa/ijece.docx>).
2. Add the names of all authors (by Edit Metadata), and please provide active or valid emails, as well as author identifiers and academic social network profiles, such as Google Scholar, ORCID, Scopus, and Web of Science ResearcherID (formerly Publons). You can also add your Academia.edu,

ResearchGate, LinkedIn, Loop, and other profiles. Please keep in mind that if you do not supply complete, identical, and correct identities between the metadata and the actual document, your article will be rejected!!

3. A high quality paper should has:

- a) a clear statement of the problem the paper is addressing;
- b) the proposed solution(s); and
- c) results achieved. It describes clearly what has been done before on the problem, and what is new. Please clearly state the three points listed above in your updated paper.

4. The number of minimum references for an original research paper is 25 (and at least 20 recently journal articles); and the number of minimum references for a review paper is 50 (and at least 40 recently journal articles).

Thank you for considering this journal as a venue for your work.

Best Regards,

Tole Sutikno
